Interactive Farmland Map - Explore Farmland

Understanding the map and its features.

1 Map Navigation

Use the + / − buttons to zoom in or out, click and drag to move around the map, or use your mouse scroll wheel to adjust the zoom level. For easier navigation, use Full Screen mode.

2 Map Layers

Switch between Satellite and Street Map views. Turn map overlays, including farmland boundaries and the DLS SaskGrid, on or off to help identify property locations.

3 Location Search

Navigate directly to a specific area by entering the Township, Range, and Meridian, then clicking Go. The map will automatically zoom to the selected township.

4 Lease Expiry and Tender Filter

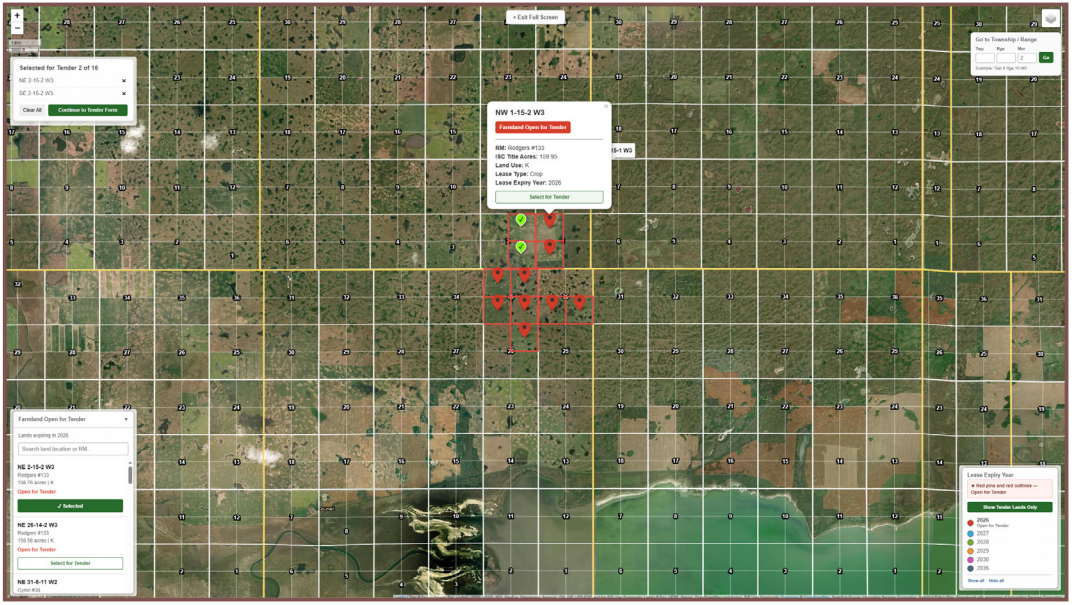

Coloured pins represent farmland based on its lease expiry year. Red pins and red property outlines identify land currently Open for Tender. Click individual years to show or hide properties, or select Show Tender Lands Only to display available farmland.

5 Open for Tender Lands

Browse available properties or use the search bar to find land by legal land location or Rural Municipality (RM). Click a property to locate it on the map and view its details, then select Select for Tender to add it to your submission.

Interactive Farmland Map - Select Farmland for Tender

How to select, review, and confirm your desired lands.

Step 1 - Identify Land(s)

Click a red pin on the map or select a property from the **Farmland Open for Tender** list to view its location and details.

Step 2 - Select for Tender

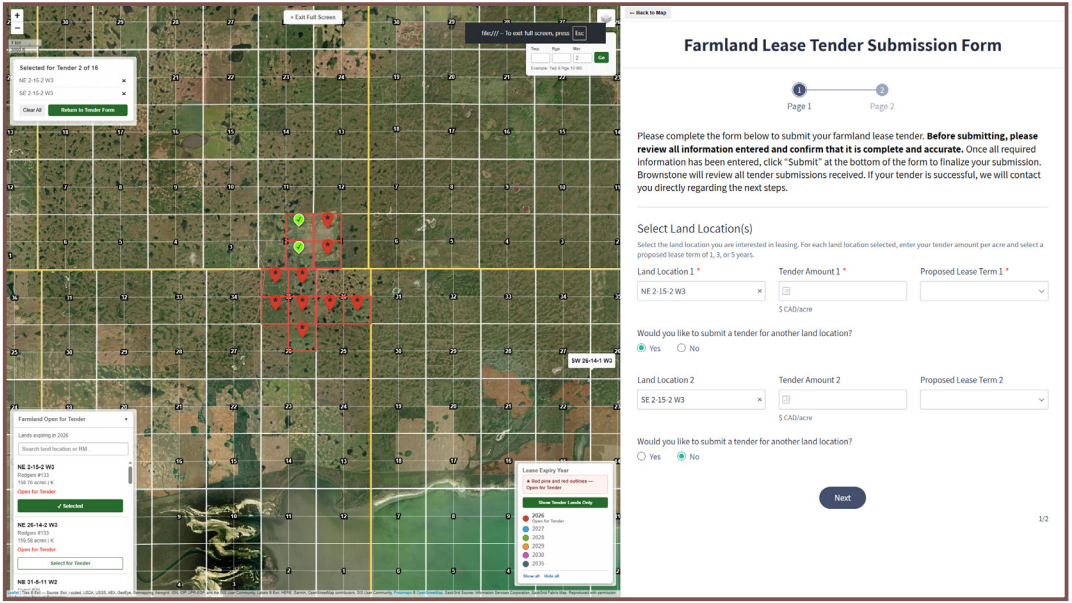

Review the land information and click **"Select for Tender"** to add it to your submission. Once selected, the property's pin will turn green, and the **Selected for Tender** panel will display your chosen lands. Repeat this process to select additional lands.

Step 3 - Review Your Selection

Review the lands listed in the **Selected for Tender** panel. You can remove individual properties or clear all selections if needed. Once satisfied, click **"Continue to Tender Form"** to proceed with your submission.

Interactive Farmland Map - Tender Submission Form

How to complete Farmland Lease Tender Submission Form.

Step 1 - Confirm Selected Lands

The land location(s) selected on the interactive map are automatically transferred to the Farmland Lease Tender Submission Form when you click **"Continue to Tender Form".**
Review the pre-filled land location(s) to ensure all desired lands are included.

Step 2 - Enter Tender Amount(s)

For each selected property, enter your proposed **Tender Amount** in Canadian dollars per acre (CAD/acre), not the total rental amount.
Each tender amount corresponds to its numbered land location. For example, Tender Amount 1 applies to Land Location 1, Tender Amount 2 applies to Land Location 2, and so on.

Step 3 - Select Lease Term(s)

Use the Proposed Lease Term dropdown to select your preferred lease duration for each land location. Once all tender amounts and lease terms have been entered, click **"Next"** to continue to Page 2 of the submission form.

Important: Changing Selected Lands

If you add or remove land locations after opening the tender form, click **"Update Tender Form"** to transfer your revised selections. This will reload the form and erase any information previously entered. We recommend finalizing your land selections before completing the form

Interactive Farmland Map - Tender Submission Form (Cont.)

Finalizing tender submission and completing contact information.

Step 4 - Enter Contact Information

Complete all required personal and contact information, including your first and last name, phone number, email address, and mailing address.

If submitting a tender on behalf of a business, enter the company name in the Company Name (if applicable) field.

Step 5 - Additional Information

Indicate whether you would like to receive email notifications from Brownstone regarding future farmland leasing opportunities.

Use the Comments field to provide any additional information or notes relevant to your tender submission.

Step 6 - Review and Submit

Before submitting, carefully review your contact information and ensure that all tender amounts and proposed lease terms entered on Page 1 are accurate.

Click **"Back"** if corrections are required. Once all information has been verified, click **"Submit"** to finalize your tender.

Following successful submission, you will receive a confirmation email containing your Submission ID. Retain this number for future reference.
